

Anastasia Starostina

Full-Stack Developer

Software Developer with a proven track record in delivering innovative solutions across diverse industries including **crypto**, **energy**, **NHS**, and **sports**. Specializing in UI & UX Design, frontend, mobile development & Design systems.

With a background in Art & Design, I seamlessly integrate cross-functional roles as a developer and designer, ensuring end-to-end delivery of solutions tailored to client needs.

Experience

Application Developer

Atos (11/2023 - now) 📍 London

- Designed and developed high and low-fidelity wireframes for complex enterprise applications, focusing on improving user interaction and navigation flow. Utilized **Go**, **htmx**, and **JavaScript** to implement innovative frontend solutions, enhancing the overall UX and usability across various devices and platforms.
- Designed and built frontend for the English Football League (EFL) broadcast application, collaborating closely with stakeholders on a weekly basis to iterate on designs and deliver frontend solutions.
- Played a pivotal role in the Frontend rewrite of the National Grid **React** app, amplifying the app's accessibility features and modernizing the frontend architecture.
- Organised, led and developed a PoC of Directory Services software in **Go** for NHS-Scotland and presented it to NHS developers at the hackathon in Edinburgh.
- Built and presented the Outpatients Clinic Software PoC to NHS Wales at Cardiff hackathon.
- Mentored junior developers, facilitating knowledge transfer through extensive code reviews, pair programming sessions, and hands-on guidance, fostering a culture of continuous learning and growth within the team.
- Leveraged extensive **CSS** expertise, particularly in Tailwind CSS, to streamline frontend development workflows and maintain consistent design patterns in all projects.

Junior Full Stack Engineer (Frontend Team)

Roll (06/2023 - 11/2023) 📍 New York, Remote

- Developed mobile and web applications using React Native and TypeScript, leveraging their versatility and efficiency for seamless cross-platform experiences.
- Integrated Roll Apps with blockchain using web3 webhooks, enhancing functionality and connectivity within decentralized ecosystems.
- Took ownership of the Design System, contributing to its development, maintenance, and documentation in Storybook, ensuring consistency and scalability across projects.
- Successfully migrated the JavaScript codebase to TypeScript, improving code readability and maintainability while ensuring compatibility with modern development standards.
- Increased testing coverage in the Node.js bot by writing unit tests using Jest, enhancing overall software quality and reliability.

Freelance Frontend Developer

Self-Employed (11/2022 - 06/2023) 📍 Remote

- Created frontend projects for multiple clients from the ground up.
- Designed multiple iterations of high-fidelity wireframes in **Figma** that satisfied business requirements & brought them to life with production-ready **React + TypeScript** code.
- Led the frontend development of multiple projects inclusive of building custom components in **React** & **Next.js**, implemented responsive designs with **HTML** & **CSS** frameworks, such as **TailwindCSS** & **Styled Components**, & leveraged user authentication with **Auth0**.
- Tested software with **React Testing Library**, **Jest** and **Cypress** to guarantee quality assurance in the applications.

Graduate Full Stack Software Developer

School of Code (04/2022 - 08/2022) 📍 Remote

- Dedicated over 1000 hours of intensive hands-on training to develop real-life full stack **JavaScript** apps in cross-functional agile teams.

Core Skills

- | | |
|------------------|-------------------------|
| • React | • UI & UX Design |
| • React Native | • Responsive Web Design |
| • TypeScript | • Accessibility |
| • JavaScript | • Node.js |
| • Next.js | • Go |
| • CSS3 | • REST |
| • HTML5 | • htmx |
| • TailwindCSS | • Unit & E2E Testing |
| • Storybook | • Git |
| • Figma | • Scrum, Kanban & XP |
| • Design Systems | |

Education

Mobile UI Design (Distinction)

Interaction Design Foundation (2024)

Bachelor of Fine Arts (1st Class Honours)

London Metropolitan University (2017 - 2020)

Art & Design Foundation Diploma

University of Hertfordshire (2015 - 2016)

History of Art

Chelsea College of Art & Design (2015)

Hobbies & Interests

- Cinema enthusiast & film theorist
- Curating & visiting art exhibitions
- Postmodern literature & Zen philosophy
- Beach walks with my dog
